"Nobody in the world does all the things we do"

<http://www.oregonraftingteam.com/>

Dear ongoing & potential supporters,

The Oregon Rafting Team (ORT), a group of ambitious whitewater conquerors, was established in 2005 by a few paddlers from the Pacific Northwest. We are dedicated to generating interest in the sport of whitewater rafting, protecting our ecosystems, and generally building healthy and safe paddling communities while having fun and paddling hard! Thanks largely to the support of our sponsors, we have won the West Coast Championship Series for 13 straight years! We have recently added a second team in Colorado, CORT. Who are going to be racing in the Colorado area doubling the number of events our Athletes will be attending and our marketing reach.

Additionally, other activities have included; taking disabled veterans rafting, promoting environmental awareness, river clean ups, assisting with search and recovery missions, coordinating events, coordinating a race series, research and development of whitewater gear, completing first raft descents, conducting river safety workshops, and exposing the world to the soul of whitewater boating. We'd like to take this opportunity to thank all of the sponsors who've helped us along the way; your support has put us in reach of these goals and we are eternally grateful!

2020 brings on a whole new set of challenges with competing in multiple regions while training for the National Championships. In 2019 our Men's Masters team in Colorado placed 2nd in the nation. We will again be competing regionally throughout the spring and summer. You may also spot us training throughout the year in our bright red rafts during weekly practices on local rivers.

While most of our racing gear is provided by sponsors; training equipment, basic supplies and travel costs are covered by donations and our paddlers out-of-pocket. We hope to insure that each competitor has the opportunity to participate in these events and that our team can represent in full force throughout the season which includes national and international events. Therefore, CORT is asking for your support and your partnership in our efforts. **Our website and Facebook page are visited approximately 300,000 times a year! On a given week our Facebook page may be visited on over 10,000 occasions.**

We respectfully request your involvement in the future of the Colorado Oregon Rafting Team. Your monetary contribution and/or equipment donation would greatly appreciate and instrumental in our ability to fully attend and achieve great success in all of our races this season. Your belief in our efforts will be rewarded with hard work, dedication and frequent recognition of your support for our team.

SPONSORSHIP LEVELS
